- ❖ *RISE Course Completion*
- ❖ *RISE Pilot Phase- A Glimpse*

## RISE Core Elements

Audio-Visual Content & interaction

Self-Assessment & Self-Learning

Time & Place Flexibility

Instant Certification of completion

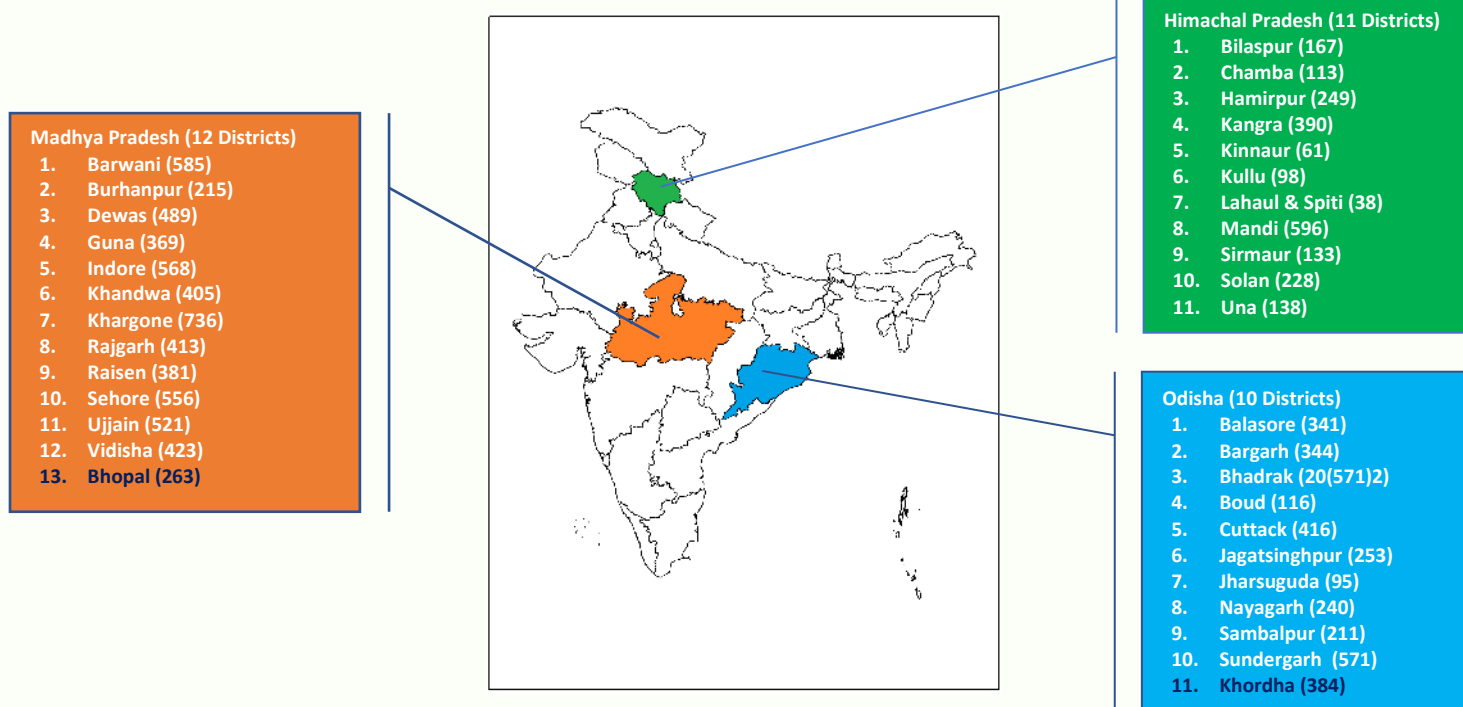

Peer to Peer Learning

## What is RISE?

*An innovative, customized capacity building methodology complementing the standard classroom routine immunization training. Its aptitudes include*

- *Leveraging technology dissemination amongst healthcare workers*
- *Updated curriculum, addressing rapidly changing UIP guidelines*
- *Supportive supervision through real time monitoring*
- *Flexible to the needs of learners*
- *Interactive digital self-learning*

# Target learners in RISE Scale up Plan 2021-2022

## Schedule for Modules Go Live

### Districts where all Five Modules are Live

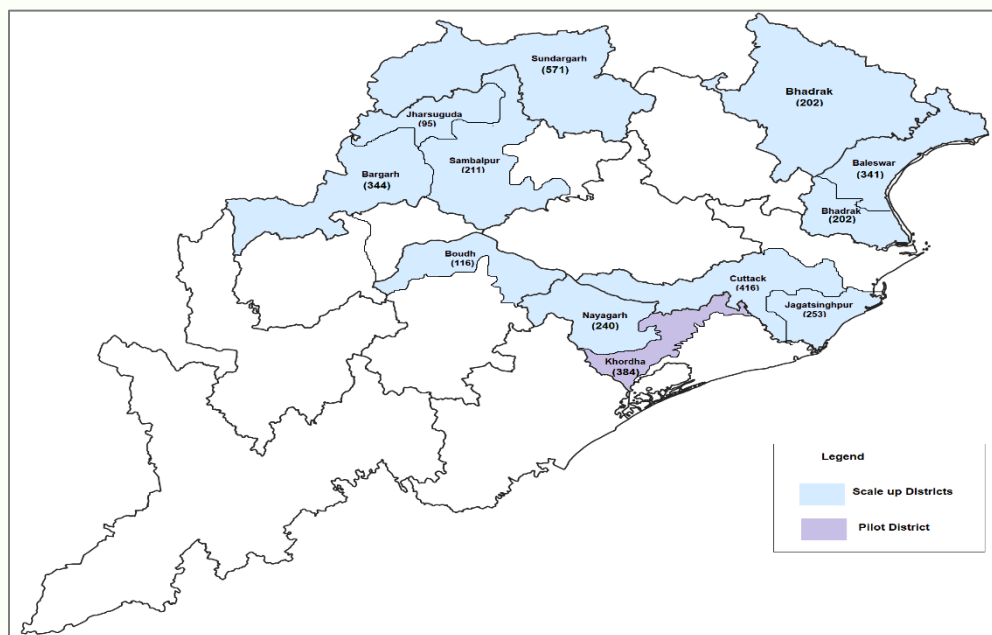

Sl. No	States/Districts		
	Himachal Pradesh	Odisha	Madhya Pradesh
1.	Lahul & Spiti (2)	Bargarh (12)	Vidisha (7)
2.	Kinnaur (3)	Boud (3)	Raisen (7)
3.	Mandi (11)	Jharsuguda (5)	Rajgarh (6)
4.	Solan (5)	Sundargarh (17)	Burhanpur (2)
5.	Bilaspur (4)	Jagatsinghpur (8)	Khandwa (7)
6.	Una (5)	Sambalpur (9)	Guna (5)
7	Hamirpur (6)	Bhadrak (7)	Dewas (6)
8		Nayagarh (8)	Barwani (7)
9		<b>Khordha (10) (Refresher Training)</b>	Sehore (5)
10		Balasore (13)	Indore (5)
11		Cuttack (14)	Ujjain (6)

*Number of blocks in each district are presented in brackets*  
*A total of 28 (216 Blocks) RISE Scale-up districts and 01 Pilot district (10 Blocks) have all five Modules Go-Live*

### Districts still in the Process of Modules Go Live

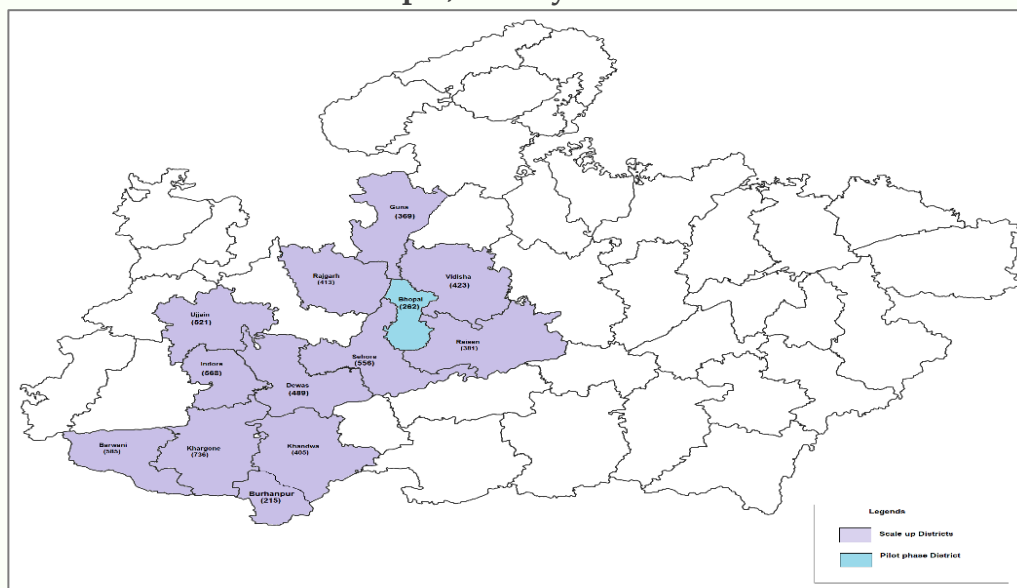

Sl. No	State/Districts	Module 1	Module 2	Module 3	Module 4	Module 5
	<b>Himachal Pradesh</b>					
8	Chamba	05 May 2022	19 May 2022	02 June 2022		
9	Sirmour	12 May 2022	26 May 2022			
	<b>Madhya Pradesh</b>					
12	Khargone	17 May 2022	31 May 2022			
13	<b>Bhopal (Refresher Training)</b>	21-May-22	29 May 2022	04-Jun 2022		

## Khordha, Odisha

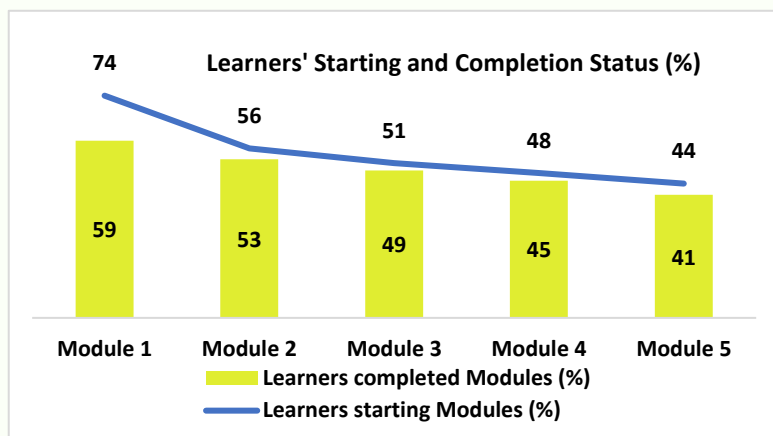

- ✓ About 384 learners from Khordha district have been accessing the RISE training Course as a *Refresher Training*.
- ✓ More than 75 % of the learners out of the total learners (384) have completed the Module 1 as on 31<sup>st</sup> May 2022.
- ✓ About 59 % of the learners out of the total learners (384) have completed all the Modules as on 31<sup>st</sup> May 2022

## Bhopal, Madhya Pradesh

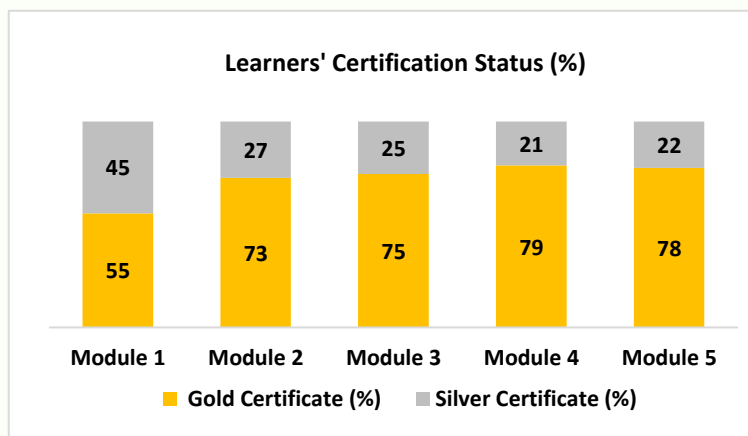

- ✓ About 262 learners from Bhopal district have been accessing the RISE training course as a *Refresher Training*.
- ✓ In Bhopal, Module 1 has been rolled out on 21<sup>st</sup> May 2022 and Module 2 was rolled out on 29<sup>th</sup> May 2022.
- ✓ About 41 % of the learners out of the total learners (262) have started the Module 1 as on 31<sup>st</sup> May 2022.
- ✓ About 26 % of the learners have completed the Module 1 while 15 % have completed Module 2 out of the total district's learners (262) as on 31<sup>st</sup> May 2022.

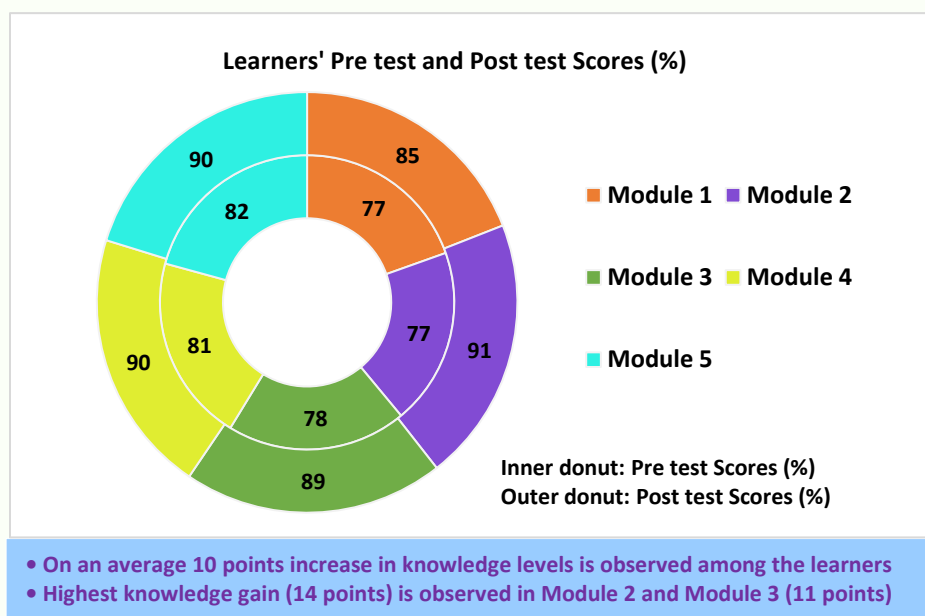

## Concurrent Monitoring of RISE Scale up

About 10800+ learners in 11 districts from Odisha, 13 districts from MP and 09 from HP have been accessing the course

Learners earned more Gold certificate in Module 4, followed by Module 5

## Testimonies from the learners

"Training bahut badhiya hai...bahut acchi jankari prapt ho rahi hai... aise hi training समय-समय par dete rahiyege. Thank you Sir."

(The Training is very good...We are receiving very good information...keep on giving us the training regularly in such modes. Thank you Sir)

Ms. Uma Verma, ANM, District Guna (Madhya Pradesh)

"Thanks to all of my respected sir/madam.... I found out a lot of things which I didn't know earlier... Lots of thanks"

Ms. Manju Kumari, FHW( Female Health Worker),  
District Bilaspur (Himachal Pradesh)

"The training is so interesting that I want to revise it again and again. Then only I will be able to improve knowledge on many topics."

Ms. Sabita Bhuyan, ANM,  
District Baleshwar (Odisha)

## Stories from the field

### Mr. Surya Kanta Sahoo

Block Data Manager (BDM),  
CHC Subarnapur  
Block- Banki, District-Cuttack, Odisha

It was 20<sup>th</sup> December 2021. That day, I first came to know about this beautiful and easy mode of training, i.e., RISE. My work started with creating updated database of vaccinators and recently finished with all 20 vaccinators of my block completed the training through RISE app. The old age of vaccinators and unstable internet connection had created some hurdles in the training but the determination of marching forward made the orientation training successful on 21/02/2022. On 30<sup>th</sup> March 2022, the first module of RISE was live for Cuttack district. As this was a new concept, it took little bit more time for them. Those vaccinators who were of old age were called to the CHC and were given hand holding support. I was regularly following up with each and every person who had not completed the process within a day or two. I also took the help of our superintendent, who regularly monitored the process. The vaccinators also enjoyed and learned a lot in the process. The pre-test and post-test questionnaires and also the quizzes helped them to participate deeply and heartily.

I think that RISE is a very easy way to train health workers and other cadres in several other public health programs.

### Mr. Alok Kumar Dash

Block Data Manager, Block- Bolagarh,  
District-Khordha, Odisha

When RISE program started for the first time, I had many apprehensions about this online training. Being at the far-off block of the district, I was not sure of its successful implementation. But, when it was piloted in 2020, Bolagarh block could complete all the modules of RISE in stipulated time. It was again implemented after a year or so in 2022 and I was confident about the success of the program. But, this time due to vacancy of BDM position in Begunia Block (adjacent to Bolagarh), the district authority gave me the additional charge of that block. It was really a challenge for me to complete both blocks training in time. But as the saying goes, nothing is impossible if you have the courage to face it, 48 health workers of both Bolagarh and Begunia block completed all the 5 modules again and benefitted by enhancing their immunization skill through RISE. Both the blocks have pioneered in the district in completing the RISE modules. This has happened due to continuous monitoring, follow-up and handholding support to the health workers.

*Disclaimer: "Published as received from the concerned person (learner/supervisor)"*

## App orientation sessions at district and block levels in RISE Scale-up States

## RISE Course Completion

### Congratulations!!

#### 100 % Completion of all 5 Modules

**Attabira & Gailasilat Blocks, Bargarh District,  
Dhamanagar Block, Bhadrak District,  
Banki, Nischintkoili & Mahanga Blocks, Cuttack District,  
Rourkela Block, Sundargarh District,  
Baliana, Khandapara & Gania Blocks, Khordha District,  
Nayagarh Block, Nayagarh District,  
Odisha**

#### Completion of Module 4

**Simulia Block, Baleswar District &  
Tigiria Block, Jharsuguda District, Odisha**

#### Completion of Module 3

**Bheden Block, Bargarh District, Bhadrak Block, Bhadrak District,  
Odisha**

#### Completion of Module 2

**Kirmira Block, Jharsuguda District, Odisha**

#### Completion of Module 1

**Balisankara Block, Sundargarh District, Odisha**

*We Appreciate the Leadership!!!*

## RISE Pilot Phase- A Glimpse

*RISE was implemented during March- August 2020 as a pilot project in five states of India (Himachal Pradesh, Madhya Pradesh, Maharashtra, Odisha, and Tamil Nadu) for capacity building of 2600+ health workers. It was rolled out to address the growing needs of the large number of healthcare workers due to rapid development in India's immunization program.*

*It was very well accepted by the learners. 100 % course completion was achieved in Madhya Pradesh and Himachal Pradesh, while it was 96% in Odisha and 74% and 68% in Tamil Nadu and Maharashtra respectively. The pilot phase generated evidence of positive outcomes in establishing the effectiveness of this training model. A definite increase (14%) in knowledge levels of the learners who completed the course, was observed during endline assessment as compared to baseline values. More than 65% of the learners achieved gold certificate (score more than 85 out of 100) while 34% received silver certificate (score between 70-85 out of 100).*

*The improved knowledge also got translated in improving the practices of health workers during the immunization sessions, as observed during the practice assessment.*
