

RISE BULLETIN

15 JULY, 2022

State orientation workshop of RISE (Scale up-phase-2) in Bhopal, Madhya Pradesh on 11 July 2022

What is RISE?

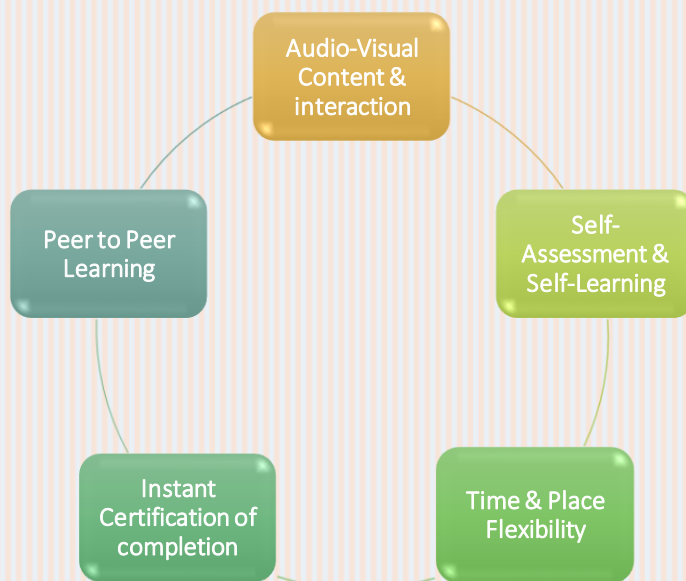

An innovative, customized capacity building methodology complementing the standard classroom routine immunization training. Its aptitudes include

- Leveraging technology dissemination amongst healthcare workers
- Updated curriculum, addressing rapidly changing UIP guidelines
- Supportive supervision through real time monitoring
- Flexible to the needs of learners
- Interactive digital self-learning

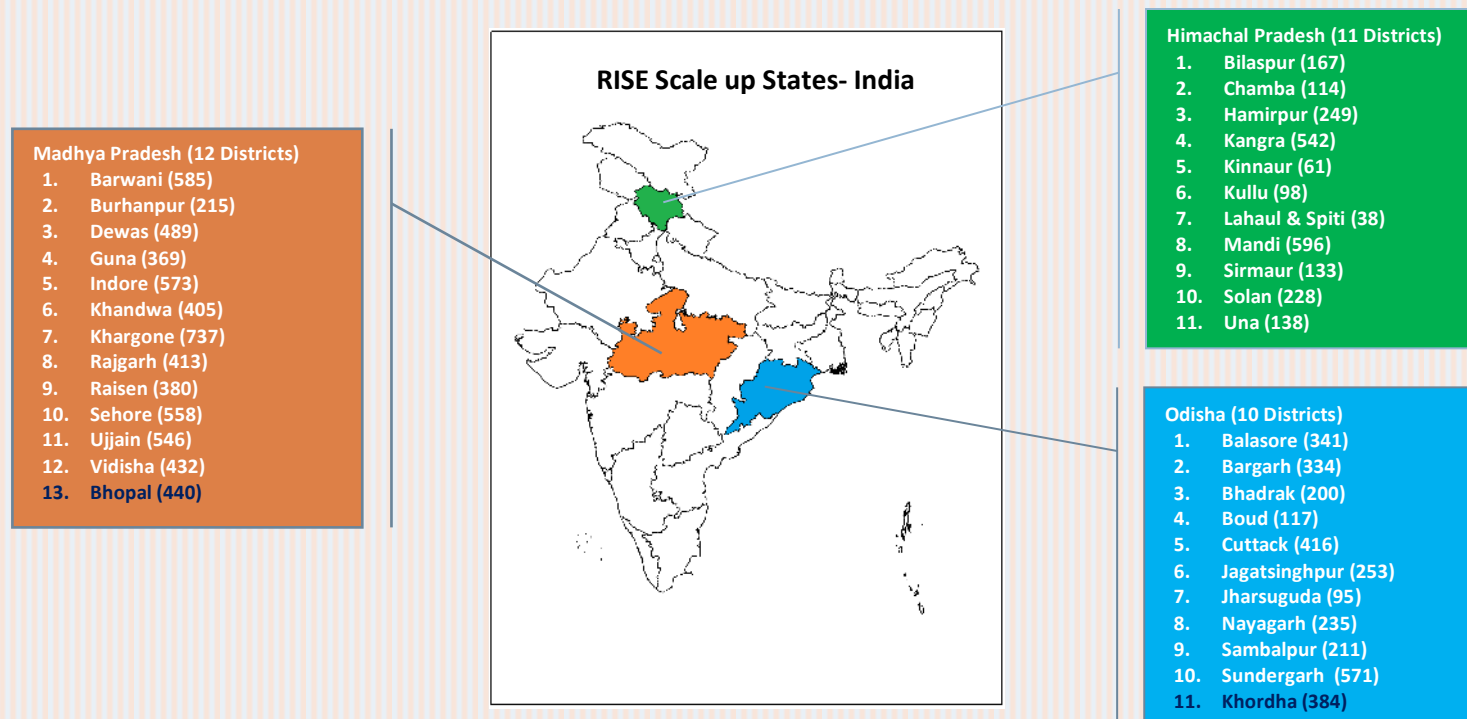

Contents

- ❖ RISE Core Elements
- ❖ Target learners in RISE Scale up (Phase 1), 2021-22
- ❖ Schedule for Modules Go-live
- ❖ Concurrent Monitoring of RISE Scale up

- ❖ RISE Course Completion
- ❖ RISE Pilot Project- A Glimpse

RISE Core Elements

Target learners in RISE Scale up (Phase 1), 2021-2022

Schedule for Modules Go Live

Districts where all Five Modules are Live

| Sl. No | States/Districts | | |
|--------|--------------------|--|--|
| | Himachal Pradesh | Odisha | Madhya Pradesh |
| 1. | Lahul & Spiti (2) | Bargarh (12) | Vidisha (7) |
| 2. | Kinnaur (3) | Boud (3) | Raisen (7) |
| 3. | Mandi (11) | Jharsuguda (5) | Rajgarh (6) |
| 4. | Solan (5) | Sundargarh (17) | Burhanpur (2) |
| 5. | Bilaspur (4) | Jagatsinghpur (8) | Khandwa (7) |
| 6. | Una (5) | Sambalpur (9) | Guna (5) |
| 7. | Hamirpur (6) | Bhadrak (7) | Dewas (6) |
| 8. | Chamba (7) | Nayagarh (8) | Barwani (7) |
| 9. | Sirmaur (5) | Balasore (13) | Sehore (5) |
| 10. | | Cuttack (14) | Indore (4) |
| 11. | | Khordha (10) (Refresher Training) | Ujjain (6) |
| 12. | | | Bhopal (2) (Refresher Training) |
| 13. | | | Khargone (9) |

Number of blocks in each district are presented in brackets
A total of 30 (219 Blocks) RISE Scale-up districts and 02 Pilot district (12 Blocks) have all five Modules Go-Live

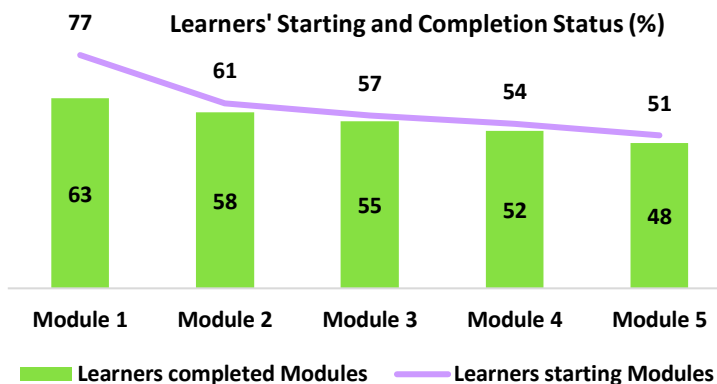

Districts still in the Process of All Modules Going Live

| Sl. No | State/Districts | Module 1 | Module 2 | Module 3 | Module 4 | Module 5 |
|--------|-------------------------|--------------|--------------|--------------|----------|----------|
| | Himachal Pradesh | | | | | |
| 10 | Kangra (13) | 16 June 2022 | 30 June 2022 | 14 July 2022 | | |

Number of blocks in each district are presented in brackets
Only 1 district (13 Block) RISE Scale-up is in the process of all Modules Going Live

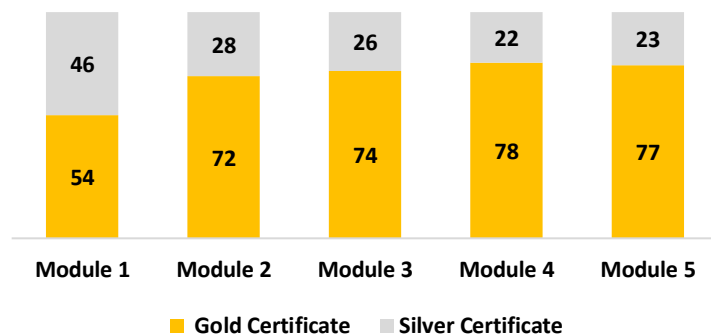

Concurrent Monitoring of RISE Scale up

Learners' Starting and Completion Status (%)

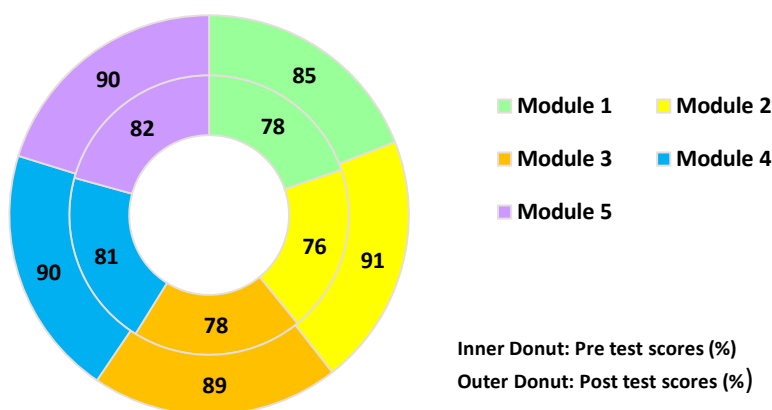

About 11,300+ learners in 34 districts have been accessing and completing the course

Learners' Certification Status

Highest percentage of Gold certificate is in Module 4, followed by Module 5

Learners' Pre and Post Test Scores (%)

- On an average 10 points increase in knowledge levels is observed among the learners
- Highest knowledge gain (14 points) is observed in Module 2, followed by Module 3 (11 points)

Testimonies from the learners

"RISE me vaccination ke bare me jo training di gai hai bahot badiya hai...bahot shaandar hai. Very good experience"

("The training on vaccination in the RISE is very good and magnificent . Very good experience.")

Ms. Jaywanti Parte, ANM, District Khargone (Madhya Pradesh)

"Valuable information given by the admin to enhance my knowledge. Thank you

Ms. Usha Kumari, FHW, District Chamba (Himachal Pradesh)

"RISE me टीकाकरण के बारे में बहुत अच्छी जानकारी प्राप्त हुई और वैक्सिन के छोटी छोटी बातों के बारे में जानकारी प्राप्त हुई जो टीकाकरण करने में सहयोग करेंगे... बहुत बहुत धन्यवाद"

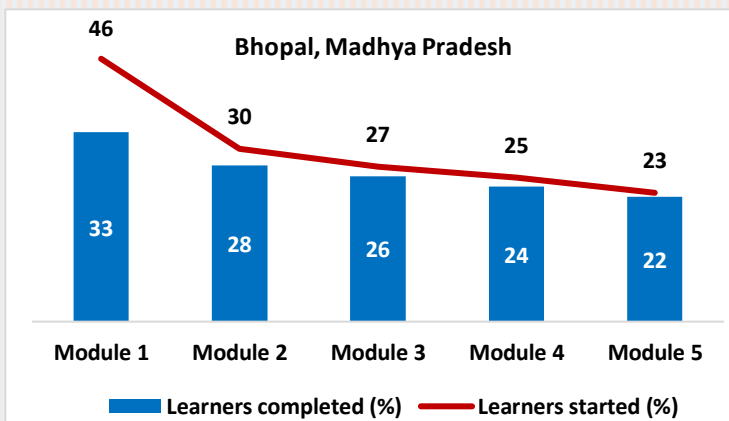

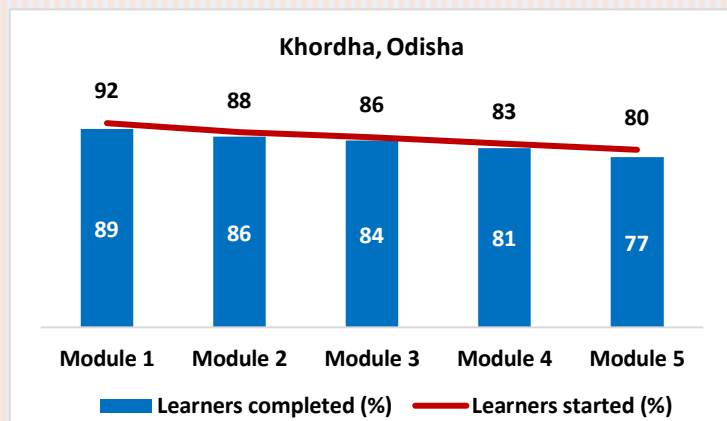

("I received valuable information about vaccination through the RISE and salient information on vaccines that would be helpful for immunization. Thank you so much.")

Ms. Reeta Banraji, ANM, District Indore (Madhya Pradesh)

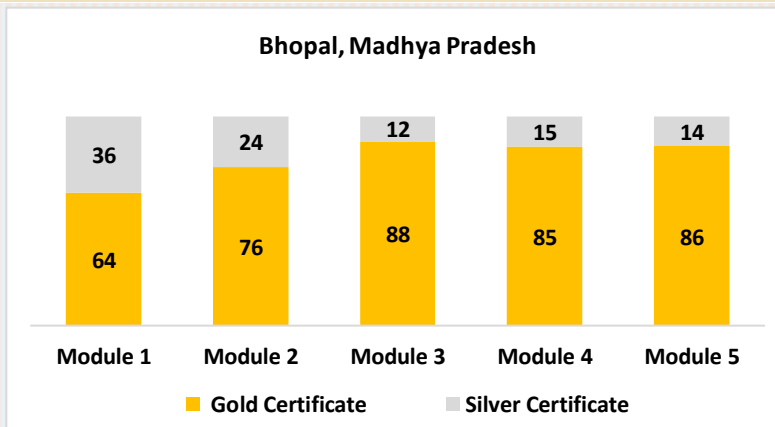

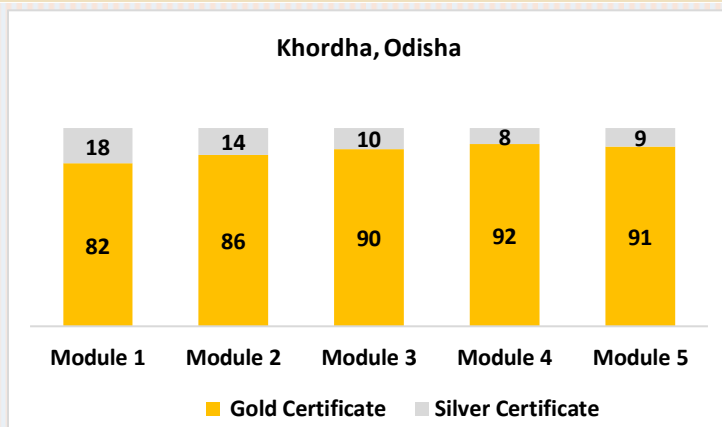

RISE Refresher Training- A Glimpse

Bhopal from Madhya Pradesh and Khordha from Odisha are the two districts out of five, where RISE pilot project was implemented in the year 2020. During the pilot phase, the completion rate in Bhopal was 100% and 96% in Khordha. The learners from these two districts are doing refresher with the modified version (V 2.0) of the application in the year 2022. Some of the results from the refresher training are as follows:

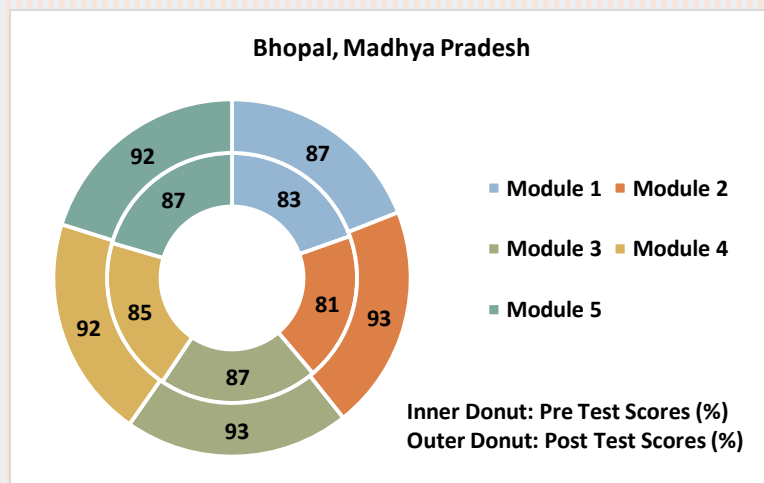

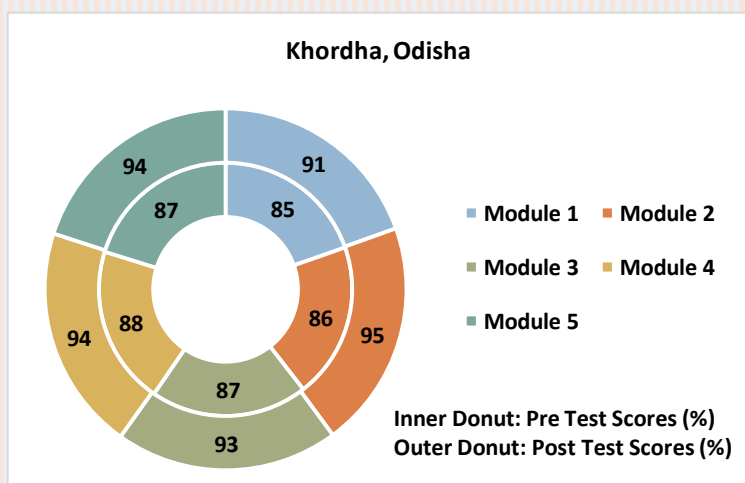

Learners' Start and Completion Status (%)

Learners' Certification Status (%)

Learners' Pre and Post Test Scores Status (%)

Module 1 went live on 16th March and Module 5 went live on 11th May 2022 in Khordha, Odisha (384 Learners)

Module 1 went live on 21st May and Module 5 went live on 18th May 2022 in Bhopal, Madhya Pradesh (440 Learners)

Ms. Sulakshna Banolta

Female Health Worker (FHW)
Health Block Pachhad
District Sirmaur, Himachal Pradesh

My personal experience with RISE Is Outstanding! The thing which I like the most first one is Content it's really a great stuff! and the second one is explanation which is very clear and based on factual basis. As I am fresher in department so it's valuable lesson for me I have cleared my most of doubt learned new things. That things which I felt hesitated to perform in immunization after enlightenment now I can perform confidently thank you for great efforts.

Mr. Kishore Chandrasekhar Prasad Dash

Deputy Manager Reproductive & Child Health
Nayagarh, Odisha

As a manager, it was never an easy task for me to implement all the five modules of RISE training in Nayagarh district. Out of many reasons, the foremost was the internet connectivity issue. However, realizing the importance of the training, our whole immunization team took it as a challenge to make it a grand success. The conviction was that if a service provider is participating in the training and completing all the five modules, immunization team will be relieved of lots of workloads, as the skill and the knowledge level of the service provider will be much higher. As a part of the process, we registered all the service providers in RISE and started the first module. But it took weeks together for completion of first module which was very disappointing.

When we reviewed the progress status of the modules, we received feedback from the vaccinators where they were unable to move within the modules or unable to move to the next module. We immediately contacted the state JSI team and resolved the issues. We also discussed the salient features and importance of the modules with the vaccinators in review meetings, after which more and more numbers of vaccinators started completing the remaining modules. We focused on module wise completion and gave hand holding supports to the poor performers. All the information and audio visuals in all the modules are very lucid and easy to understand.

Now I am very happy and proud to announce that all my service providers are skilled enough to impart immunization service with confidence. Thanks to JSI for rolling out such a nice training programme.

I am now sure that the enhanced knowledge and skill of service providers will definitely improve the quality of immunization program in Nayagarh district.

Ms. Vasundhara Devi

Community Health Officer (CHO), Beri SC under
Sandhole CH
Block Sandhole
District Mandi, Himachal Pradesh

- 1) Rise App is well organised and very useful training course for every one whether a field worker or a beginner.
- 2) Everything is explained in a very easy way and step by step which makes it very easy to understand.
- 3) Quizzes also come in the middle of the course which we have to answer on the basis of our understanding and what we would have learned during the course.
- 4) One thing I really liked throughout the course was our behaviour on how we should treat the beneficiaries. The thing that we forget somewhere due to which the beneficiaries start hesitant to come to us.

RISE Course Completion

Congratulations!!

100 % Completion of all 5 Modules

*Amb Block, Una District
Arki Block, Solan District
Himachal Pradesh*

Completion of Module 4

*Bisra Block, Sundargarh District
Odisha*

Completion of Module 1

*Basudevpur Block, Bhadrak District
Odisha*

We Appreciate the Leadership!!!

RISE Pilot Project: A Glimpse

RISE was implemented during March- August 2020 as a pilot project in five states of India (Himachal Pradesh, Madhya Pradesh, Maharashtra, Odisha, and Tamil Nadu) for capacity building of 2600+ health workers. It was rolled out to address the growing needs of the large number of healthcare workers due to rapid development in India's immunization program.

It was very well accepted by the learners. 100 % course completion was achieved in Madhya Pradesh and Himachal Pradesh, while it was 96% in Odisha and 74% and 68% in Tamil Nadu and Maharashtra respectively.

The pilot phase generated evidence of positive outcomes in establishing the effectiveness of this training model. A definite increase (14%) in knowledge levels of the learners who completed the course, was observed during endline assessment as compared to baseline values. More than 65% of the learners achieved gold certificate (score more than 85 out of 100) while 34% received silver certificate (score between 70-85 out of 100).

The improved knowledge also got translated in improving the practices of health workers during the immunization sessions, as observed during the practice assessment.
